

Cleopatra Enterprise offers the best solutions to your cost engineering needs.

For a project to be successful, the full scope has to be finished in time and within budget. Cleopatra Enterprise can be your key to a successful project. Regardless of the size or type of project, Cleopatra Enterprise makes sure you hold all the cards.

**FULL PROJECT LIFE CYCLE**

Cleopatra Enterprise provides you with the cost engineering tools needed for the full project life cycle. From identification to abandonment, you can have a firm grip on the situation. Part of the key to the full life cycle approach can be found in the functionality within Cleopatra Enterprise. But another important part is the ability to interface with other software used on your project. Making project analysis has never been this easy nor this complete. Cleopatra Enterprise gives you the best grip on all cost aspects of your project.

**TAILORED TO YOUR NEEDS**

The modular concept of Cleopatra Enterprise ensures you can tailor our software to become your perfect cost engineering tool. You can choose from a number of modules to fit your needs. All of them created with the purpose of enhancing your possibilities as a cost engineer.

However, your organization might have needs that call for something out of the ordinary. For this reason, we have enabled the use of plugins in Cleopatra Enterprise which can give you the edge you need.

**MANAGEMENT INFORMATION**

Cleopatra Enterprise can help you to make better management decisions. Its customizable reports and dashboards offer you a great way to keep track of all that goes on. Workflow allows you to closely follow your work progress. Through this it can assist you in managing and controlling your contracts better. Cleopatra Enterprise allows you to have a better insight in your cost information for EPC and maintenance projects.

**ESTIMATING**

Creating a good estimate requires knowledge. Knowledge that you have acquired over the years. To ensure you make the best possible estimate for your projects, you need to make the most of that knowledge. Cleopatra Enterprise holds all your knowledge for you ready to be used when building any kind of estimate. And if you need to prepare a bid, it allows you to evaluate many "what if" scenarios.

The modular concept of Cleopatra Enterprise ensures you can tailor our software to become your perfect cost engineering tool.

**STRONG SECURITY**

The security and privacy of your cost engineering knowledge is of vital importance. With Cleopatra Enterprise you are in control of access to both information as well as functionality. This allows you to make sure Cleopatra Enterprise can be used throughout your project, without the risks.

**WEBSHARING**

As your organization runs projects on a global scale, you need to be able to share your knowledge and information worldwide. Cleopatra Enterprise allows you this freedom. When you choose to share confidential information over the internet, security is of utmost importance. Because your information needs to stay in your hands. For this reason Cleopatra Enterprise has been equipped with the latest technology in online authorization.
